Dear Mr. Mazzola,

The quality and beauty of the craftsmanship in the millwork of the pro shop at Trump National Golf Club, Bedminster is incomparable. The attention to detail and your company's ability to work within the parameters of our converted carriage house was excellent.

Pro Shop Millwork Design's staff and our golf professionals developed a close working relationship during this project and the resulting efforts are admirable.

Please extend my personal gratitude to each and every member of your team.

Sincerely,

Donald J. Trump
